Court's Password Policy

1) Minimum password length is any 6 characters
2) Maximum password life is 60 days
3) The past 6 passwords are remembered
4) Minimum password life is 6 days. (This keeps users from changing their password to a new password and then immediately changing it back to the previous old password thereby eliminating the need to remember the new password.)
5) Three invalid attempts will lock the account

ITD's Password Policy

1) Minimum password length is 8 characters
   a. Shall include at least one numeric character
   b. Shall include at least one lower case number
   c. Shall include at least one upper case number
2) Maximum password life of 90 days
3) The past 24 passwords are remembered
4) Minimum password life is 7 days. (This keeps users from changing their password to a new password and then immediately changing it back to the previous old password thereby eliminating the need to remember the new password.)
5) Three invalid attempts will lock the account
